Colosimo explained that while reviewing the six-month report she became concerned about the number of students in remediation. The report showed that 24 students were admitted in cohort 7, but only 6 students graduated. In cohort 8, 24 students were admitted and 4 students graduated and in the last class 32 students were admitted with 13 students graduating. K. Cylke replied that the remediation program was specifically designed for the students for a fee of \$1,500 for the eight weeks. M.A. Brown added that the six-month report also showed a class with 32 students admitted had 25 students withdraw. K. Cylke responded that the information she submitted was not correct. R. Colosimo also informed the Board that EAC was very concerned about NCI admitting all students that applied to the program. Board members agreed that admissions should not be allowed until the 2015 NCLEX first time pass rates were reported and reviewed by the Board. It was moved and seconded the Board continue Nevada Career Institute provisional approval and deny the request for student admissions until the 2015 NCLEX first time pass rates are reviewed. MOTION CARRIED.
